

EST. 1884

Yinnar FNC

The Yinnar Football & Netball Club is in its 136th year of serving the Yinnar & district community. In this time, the Club has been reasonably successful, winning 63 netball and 49 football premierships.

The Club has grown from fielding one football team to today's seven football and eight netball teams, as well as conducting the very important introductory Auskick Program. These teams and programs cater for netballers and footballers from primary school age to open age senior netball and football competition.

The Club operates from the Yinnar Recreation Reserve and actively contributes to the Committee of Management that oversees all management functions and operations of the Reserve.

Our Purpose

Promote, encourage and foster the games of Australian football and netball within our community;

Provide an accessible, welcoming, inclusive and rewarding environment for all people associated with our Club;

Strive to be a leader in football and netball management so the long term success and stability of the games within our community are maximised;

Maximises the recreation, leisure and social opportunities for our community;
Take a whole of Club approach to the development of football and netball, to ensure our Club's future is as far as possible 'generated from within';

Approach the leadership and management of our Club from the basis of establishing and maintaining strong internal and external relationships and partnerships.
